# Singlephase wet and dry industrial vacuum, much more than essential

Essential, powerful, efficient.

Model S3B is the starting point to get the maximum advantages and the undisputed benefits that include, among others, the obvious and immediate savings of time and resources.

3 kW power with three independent motors, model S3B can collect solids and liquids. In particular it is designed to be used in metal manufacturing production sites to extract metal chips, metal filings, oil and lubricant solutions. Available version with Longopac, suitable for the safe recovery of very fine dust.

S3B, much more than essential.

Longopac® system available

## Technical specifications

Description	Unit	S3B
Voltage	V	230
Frequency	Hz	50-60
Protection class	IP	43
Insulation class	Class	I
Rated power	kW	3
Airflow without hose	L/min	8.100
Vacuum max	kPa	21
Sound pressure level	dB(A)	75
Container capacity	L	50-100
Main filter area	cm <sup>2</sup>	19.500
Inlet	mm	70
Length x Width x Height	cm	79,5x60x127,5-157
Weight	kg	67-70
