FUME CABINET

DSK **400, 700**

Fume cabinets for environments where maximum suction efficiency is required.

Fume cabinet for work with open chemical vessels, setup of chemical apparatus, gluing, etc. where several sources of contamination are present.

MOVEX fume cabinets are manufactured with transparent sheets and stable aluminum framing, and thus do not block the work area. It is also easy to move when tasks and locations vary.

The DSK 400 and DSK 700 are produced in two standard sizes. Please contact MOVEX for alternative dimensions and special adaptations.

Movex also offers a range of fans, accessories and automatic control devices for our local extractors.

MOVEX®
LOCAL EXTRACTOR

Pure advantage

DSK-400

DSK-700
